Louvered canopy

Your sun protection system dealer:

# DIVARA<sup>®</sup>

## Louvered canopy

The Divara provides longer hours of happy outdoor life, in any season. A luxury designer awning that creates a second living room in your own garden. A place of rest and entertainment for family and friends lingering around the barbecue.

At the touch of a button, the turning slats will create their play of light on your patio, a sunny spot to enjoy or a shady shelter to take a break from the heat. Bring the holiday atmosphere to your garden with Divara. Even when the weather is a little less you can stay out. Divara's very high wind and snow load will protect you every season.

Available in RAL 9010 pure white, RAL 7016 anthracite grey textured, or a combination of both. Options include LED lighting and vertical blinds to keep out the low sun. Ask your dealer about all options.
