Niche and Niche XS

Your sun protection system dealer:

SOLID SCREEN[®]

Niche and Niche XS

The SolidScreen Niche and Niche XS distinguish themselves in the way they are installed. The Niche and Niche XS are ideally suited for installation during the construction of new premises. However, these screens can also be fitted to existing residential properties.

The screen headbox is actually integrated in either the reveal or cavity wall, this renders it invisible from the exterior. The façade therefore maintains its sharp lines, regardless whether the screen is open or closed.

Characteristics

-  Heat and light-resistant
-  Unobstructed outside view
-  Energy savings of up to 30%
-  Wind-resistant up to 90 mph
-  Installable in reveal or cavity

Headboxes
